

Trade Show Displays & Environments

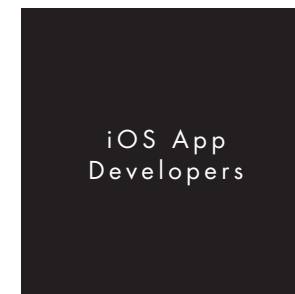

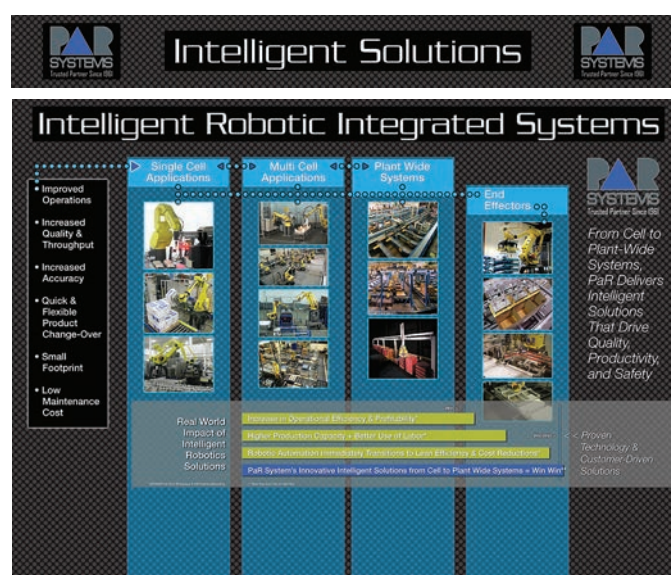

We create 6 to 9 displays per year for PaR Systems. From Brand to Product Silo Marketing.

We can design updates to your existing display architecture or offer you entirely new state-of-the-art display fixtures as well.

These were designed to work in unison or separately.

One app already created was used to extend the brand messaging in a trade show environment with the use of slide shows and product videos. (See PaR Systems example.)

iPad apps can also be created as a sales tool to extend and expand on sales / marketing efforts at trade shows.

Creative Services that Yield Results

Advertising • Brochures • Catalogs • Identity • Packaging • Marketing Publications • Loyalty Magazines • Proposals/Presentations • Web Presence
